HEALTH AND SAFETY AT WORK ACT

STATEMENT OF POLICY

It is the policy of the Company that all operations are conducted to ensure as far as is reasonably practicable, the health and safety of their employees and all persons likely to be affected by their operations, including sub-contractors and the public.

This policy is the direct concern of the senior management and are accountable to the partners for its overall implementation.

On each site, the senior person is required to ensure that all employees and sub-contractors observe the Company's procedures.

It is a function of management to provide the right environment in which work may be safely carried out. However, all employees have a legal duty, not only to work in a safe manner, but also to co-operate in efforts made to create and maintain safe working conditions.
